

Krzysztof Wilczyński

Software Engineer with background in QA

Mobile: +48 889 288 172

Email: krzysztof.marek.wilczynski@gmail.com

My frontend projects:

<https://kwilczyn.github.io/kw/projects/>

Summary

Experienced software engineer with a strong background in automated testing. I possess solid programming skills in Python and JavaScript. I know how to cover my code with reliable unit, integration and E2E tests.

I have worked with frameworks such as Django and Vue.js.

My skills in CI/CD, Docker, and Amazon Web Services complement my profile as a versatile developer.

Please, find more details about me on my showcase page:
